**THANK YOU!** *to everyone involved in the ENOS-2 trial!*

**STAFF  
REMINDER!**

Please remember that patients can be considered for the ENOS-2 trial **before** the baseline scan

**MEET THE TEAM!**

**Meet some of the staff behind the ENOS-2 trial!**

Dr Kailash Krishnan is a Stroke Consultant at Nottingham University Hospitals NHS Trust and Honorary Assistant Professor at the University of Nottingham. Dr Krishnan is the Chief Investigator of the MACE-ICH trial which is currently in set-up stage, and Principle Investigator of ENOS-2 and TICH-3. Dr Krishnan is a recipient of a research fellowship award and involved in recruitment of participants and review of safety events.

Dr Kailash Krishnan, ENOS-2 Principle Investigator

Hi I'm Di Havard, Senior Clinical Trial Manager for the University of Nottingham stroke trials. I have worked in stroke research since 2010. Amongst other roles I was the Lead Stroke Research Nurse for East Midlands before returning to Nottingham as the senior trial manager for TARDIS, TICH-2 and RIGHT-2 trials. I now work on MAPS-2, ENOS-2 and RECAST-3. One of my many roles in ENOS-2 is to provide support and guidance to the team to facilitate the running of the trial.

Diane Havard, Senior Clinical Trial Manager

## UPCOMING CONFERENCES:

European Stroke Organisation Conference (ESOC - 24th - 26th May) Munich, Germany.  
World Stroke Congress (WSC - 10th - 12th October) Toronto, Canada.
