RECAST-3 - Remote Conditioning After Stroke Trial-3

Delegation Log

Details:

The RECAST-3 site staff delegation log is held electronically on the RECAST-3 database. Once the coordinating centre receives an up-to-date signed CV, GCP certificate and signed training log for the staff member, access to the database is requested. The local PI must then authorise the staff member to work on the trial by approving them via the database.

Actions:

N/A

Impact on Patient Safety:
